MONEMVASIA

Monemvasia

Unveil the legendary medieval island town in a breath taking visit.

Wander around the “Gibraltar of the East”, a fortress town enclosed in a protected island linked to the mainland with a narrow bridge, walk through the cobbled narrow streets and feast in one of the most impressive places in Greece.

The old city is exceptionally preserved and many of the medieval buildings were transformed into luxury hotels and boutique shops.

Traveling to the Monemvasia, one passes through the Sparta, which is a great opportunity for a short visit.
